LONDON CARD

MATERIALI

- Black A4 cardboard, 200 gr
- Paper Pad or Patterns Pad 30x30
- Fussy pad 15 x15
- Embellishment by choice
- Glue for paper

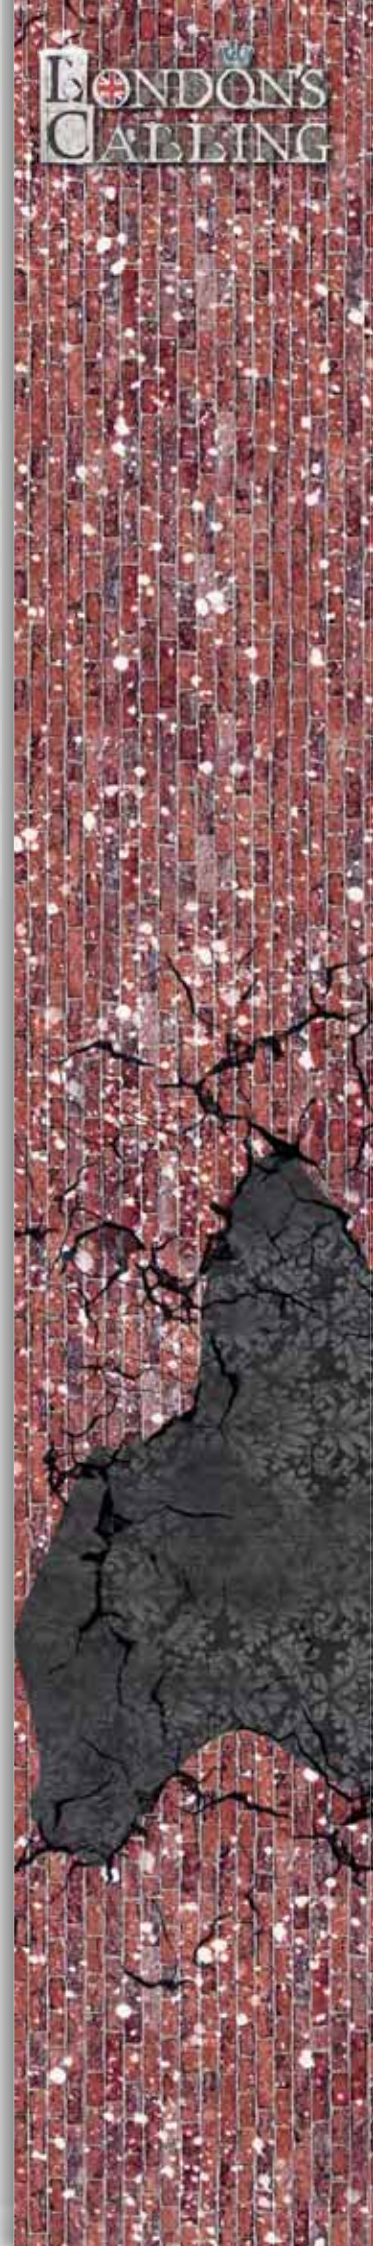

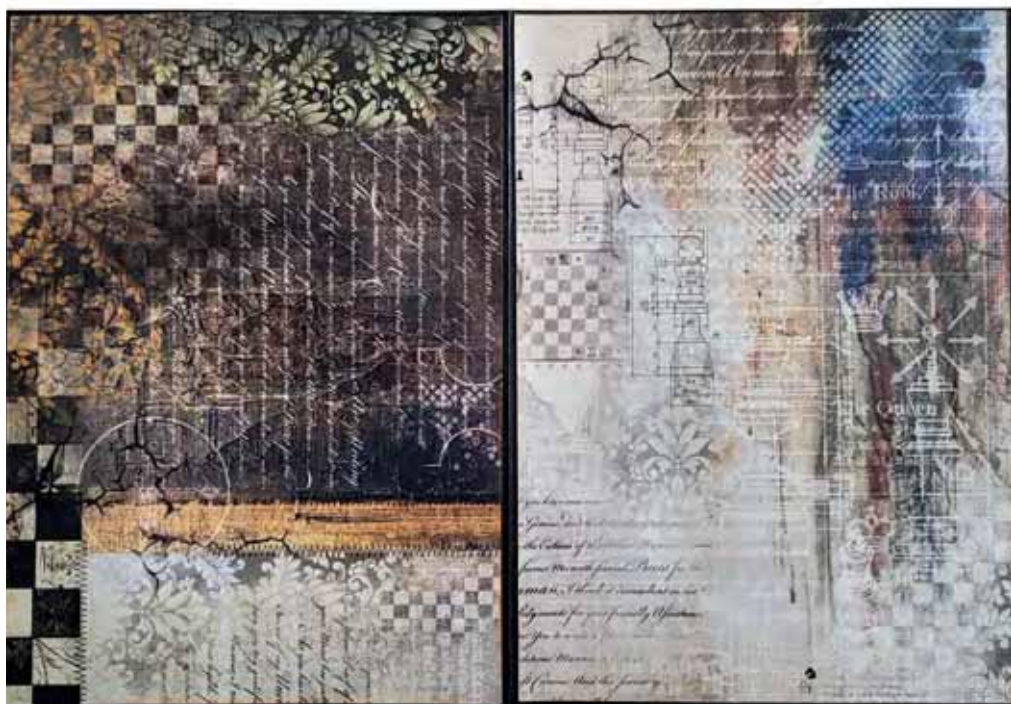

LONDON'S
CALLING

1

Cut the cardboard to create the base of the card, measures 18x26 cm. Binding at the centimeter 13, fold it (creating a card that can be opened to 18x18 cm). Cut 4 rectangles of scrapbooking paper 12.5x17.5 cm and glue them on the base (both on the inner and outer sides of the card).

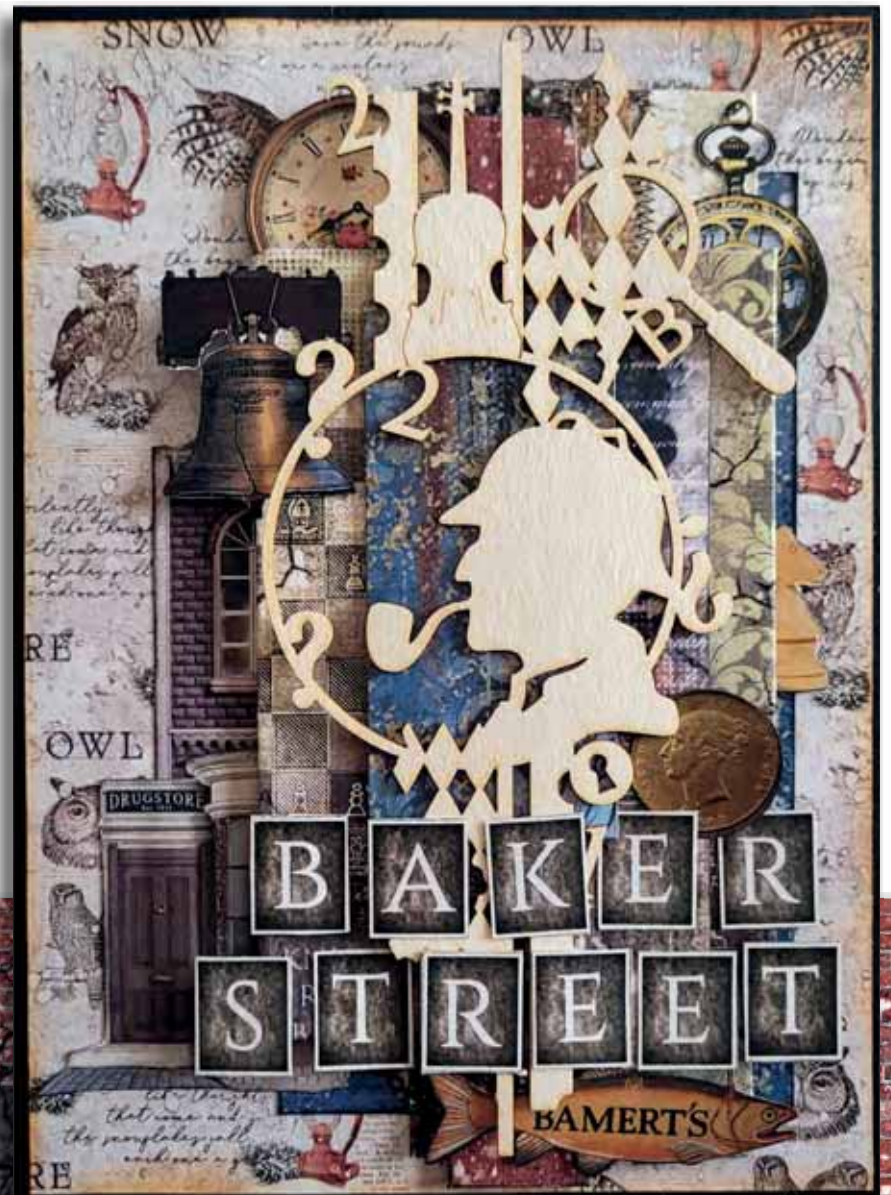

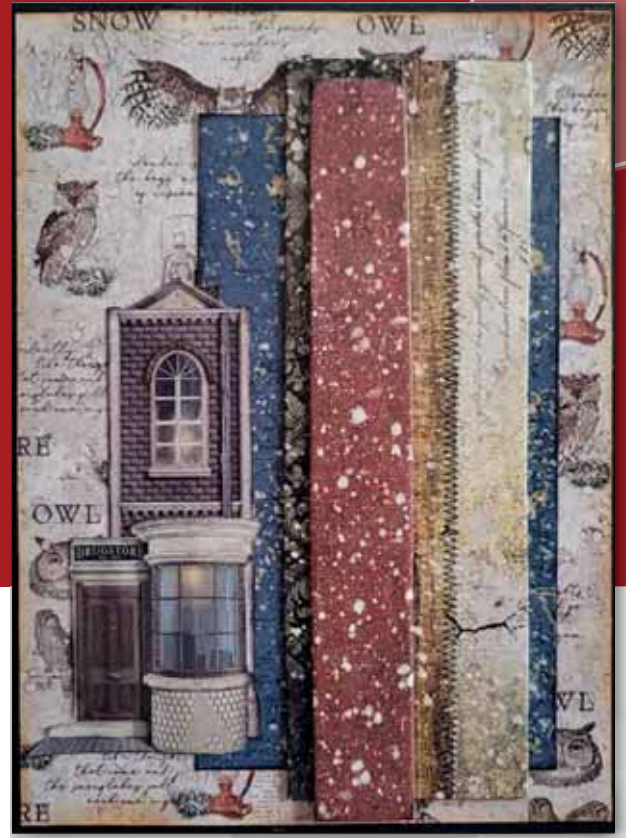

2

Using the leftovers of the black cardboard, create stripes and rectangles of different sizes. Wrap the stripes with the scrapbooking paper. It is important to use various patterns and colors.

3

Create the composition gluing the stripes and the rectangles one over the other from the bigger to the smaller. Embellish the card using clipboard by choice and elements from the fussy cut pad.
